# ARIN 48

POWERED BY PARTICIPATION

Fee Harmonization Update
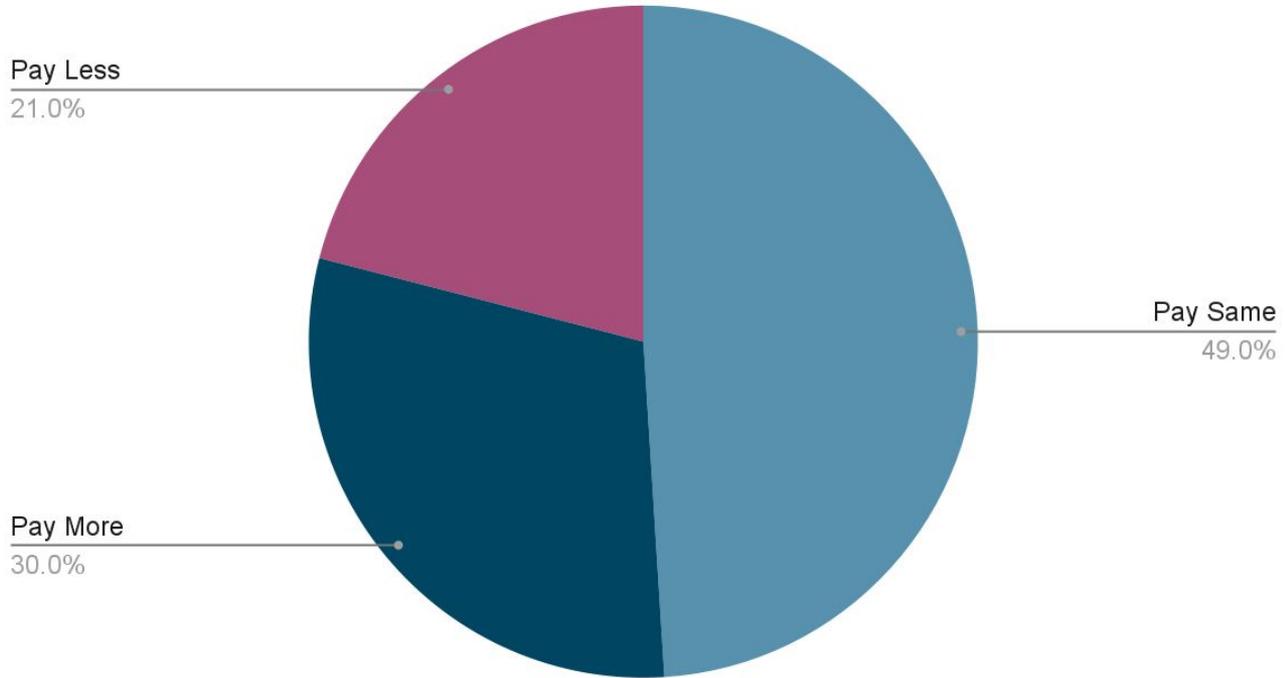

John Curran, President and CEO
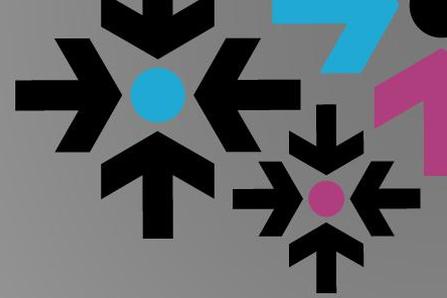

2022 Fee Schedule Changes

- Transitioning End Users from annual per-resource maintenance fees to the RSP (Registration Services Plan) Fee Schedule - *moves ARIN to an equitable fee schedule across the community based on total IPv4 and IPv6 resources held*

- Transitioning Legacy resource holders from annual per-resource maintenance fees to the same RSP Fee Schedule *while maintaining their annual cap of total maintenance fees* (which will increase $25 per year)

- Providing a temporary IPv6 fee waiver for organizations in the 3X-Small category that desire a larger address block

- Implementing a fee for OrgCreate ($50) and OrgRecovery ($100) transactions

- Increasing the transfer processing fee to $500 to better reflect processing cost

~70% of End Users have either no change or a reduction in their fees
