

Implementation Of 2002-1: Lame Delegations

Ed Lewis

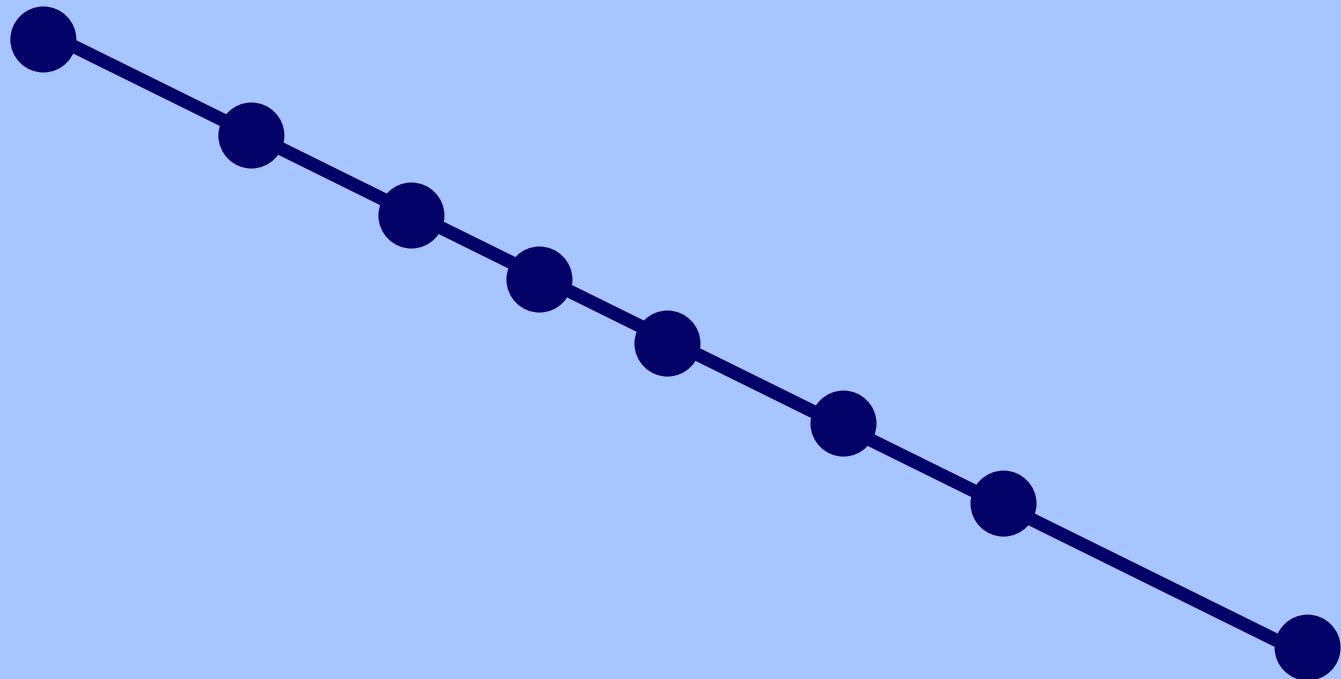

Research Engineer

ARIN

Background

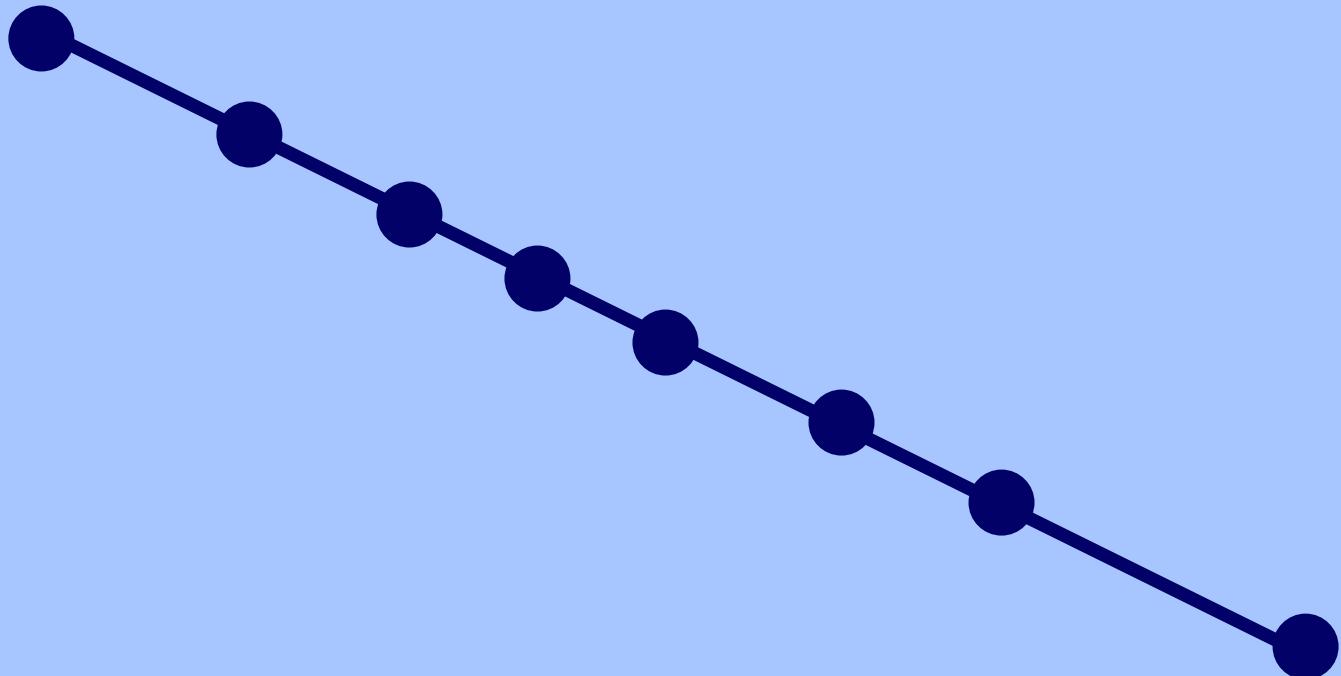

- * MAR 2002 – Policy formally proposed
- * APR 2002 – ARIN IX
- * JUN 2002 – Measure extent of problem
- * Further discussion on email lists
- * OCT 2002 – ARIN X
- * NOV 2002 – Policy adopted
- * DEC 2002 – Implementation activity begins

Lame Delegation Test

- * Query for SOA record of zone
 - ▶ Try all IP addresses for each server of zone
- * In response, look for:
 - ▶ No Authoritative Answer (AA) bit set
 - ▶ AA bit set, but an empty answer section
 - ▶ AA bit set, but answer is not an SOA record

What is Not Flagged

- * Not flagged as lame in this round of testing:
 - ▶ No IP address for name server
 - ▶ No answer from server
- * This will be flagged in the future

Timeline

Results

	Zones Checked	Flagged for Lameness
13 Feb	198,213	55,281
27 Mar	55,281	35,944

- * 13 Feb findings, percentage of servers
 - ▶ 77% not flagged as lame (good, no address/answer)
 - ▶ 19% not having an Authoritative Answer bit set
 - ▶ 4% having an authoritative empty answer section
 - ▶ <1% having an authoritative non-SOA answer

Notification Results

	Telephone	Email
1 st Week	85	80
2 nd Week	40	39
3 rd Week	52	102
4 th Week	39	39
Total	216	260

Help Desk Actions

- * Determine the problem/exact question
 - ▶ Use “Lame” tool, BIND’s dig tool
 - ▶ Review results with customer
- * Explain expected results
- * Walk through steps to correct ARIN DB entry
- * Refer customer for further assistance:
 - ▶ Their local support
 - ▶ Vendor of their name server
 - ▶ BIND documentation (if using a BIND server)

Observations

- * People are interested
 - ▶ Want to correct problem
 - ▶ Want to know what this is about
 - ▶ Based on feedback from community:
http://www.arin.net/registration/lame_delegations/index.html
- * This will be a deliberate process

Next Steps

- * Continue notification as per policy
- * Update database information
- * Continue testing for lameness
- * Identify engineering issues with testing
- * Identify implementation issues
- * Share experiences with other registries

Thank you,
thank you very much
