Dan Alexander

<http://www.arin.net/elections/ac/Alexander.html>

Motivation to Serve the AC

- ▶ To assist the Internet community in creating and refining sensible policies that meet the needs of organizations of all sizes.

Biography

- ▶ Principal Engineer and ARIN DMR for Comcast Cable
- ▶ Previously managed address space and internal addressing policies for Excite@Home
- ▶ Served as Lead Architect in the design and development of a commercially available address management system.
- ▶ Submitted ARIN policy request 2003-14, approved for adoption

Bill Darte

<http://www.arin.net/elections/ac/Darte.html>

Motivation to Serve the AC

- ▶ I have served on the Advisory Council since its inception in 1998 and bring important continuity to the ARIN policy consensus evaluation process. I have an objective viewpoint concerning ARIN address and ASN policy as I do not consume those services. I believe ARIN policy and process should represent the proper balance of conservation and availability, control without constraint, service without bureaucracy, public access without violation of privacy. I would like to help facilitate the best of outcomes for each.

Biography

- ▶ **Washington University in St. Louis**
 - ▶ Center for the Application of Information Technology
 - ▶ Senior Technical Programs Specialist
 - ▶ School of Engineering and Applied Science
 - ▶ Associate Director of Information Management (2001)
 - ▶ Affiliate Professor: Master of Information and Telecommunication Management

James Deleskie

<http://www.arin.net/elections/ac/Deleskie.html>

Motivation to Serve the AC

- ▶ I have been working in IP since 1994 and feel that I should be contributing to the overall betterment of the internet as a whole. Having worked for most of the past decade for large IP networks on both wholesale and residential markets, I have gained a great amount of experience and insight in to both the needs of the end users and strain on the routing table size as well as the limited resources that make up the IPV4 space.

Biography

- ▶ Sr. Engineer for IP and VoIP - Teleglobe
- ▶ Senior technical positions - iSTAR internet, internetMCI, Cable and Wireless USA, Avici Systems, and Rogers Cable
- ▶ NANOG member since 1995

Owen DeLong

<http://www.arin.net/elections/ac/DeLong.html>

Motivation to Serve the AC

- ▶ I have a broad range of IP experience ranging from end-user to major ISP and have designed, built, and, maintained IP networks of all sizes. I remember what the internet was like before CIDR. I believe there are still a number of fundamental problems that need to be solved. The ARIN AC is in a unique position to be part of those solutions.

Biography

- ▶ Systems Administration - BRC Election Services, Wind River Systems, Sun Microsystems
- ▶ Consulting - Avcom Systems, DeLong Consulting, Taos Mountain
- ▶ IP Administration/Network Engineering - Netcom, ConXioN, Exodus Communications, Tellme, Netli

Andrew Dul

<http://www.arin.net/elections/ac/Dul.html>

Motivation to Serve the AC

- ▶ I would like to continue serving the ARIN community as a member of the Advisory Council. I believe I have been a valuable and active member of the Advisory Council. I strongly believe in the current open policy process and would like to be involved in the evolution of the RIR system in the future. The UN sponsored activities (WSIS and WGIG) have begun to offer competing methods for distributing resources. It is important as Internet stakeholders that we take an active role in defining how resources will be distributed in the future.

Biography

- ▶ Network Design Engineer - Connexion by Boeing
- ▶ Network Engineer - Internap Network Services
- ▶ Involved with several educational networks through the Sacramento County Office of Education and the Outreach and Technical Assistance Center in California

Teresa Gurney

<http://www.arin.net/elections/ac/Gurney.html>

Motivation to Serve the AC

- ▶ I enjoy working to bring many views to a single consensus. I understand and will champion the need for clear and concise documentation of policy and procedures. I am firmly entrenched in the Design, Operations, and Management of networks. I have experience in Access, Backbone and Data Center Networks. As a Network Architect, I work to develop and implement policy regarding all areas of network operations within AOL.

Biography

- ▶ Network Architect - America Online, 2003-Present
- ▶ Adjunct Professor - George Mason University, 2004-Present
- ▶ Senior Network Engineer - America Online, 1998-2003

Alec Peterson

<http://www.arin.net/elections/ac/Peterson.html>

Motivation to Serve the AC

- ▶ I have served on the ARIN Advisory Council since it was formed in 1997. During that time ARIN and the Advisory Council itself have evolved to better serve the community. I would like to continue to contribute to this evolution of ARIN.

Biography

- ▶ Co-founder and chief technology officer - Catbird Networks
- ▶ Co-founder - UltraDNS
- ▶ Worked at several ISPs and have been involved with Internet infrastructure since 1991

Matt Pounsett

<http://www.arin.net/elections/ac/Pounsett.html>

Motivation to Serve the AC

- ▶ I would like the opportunity to contribute back to the community by helping to guide the development of relevant, fair policy for the region. I feel I can do so by calling upon my experience at large and small networks and with registry operations, and by increasing the balance of geographical representation on the AC.

Biography

- ▶ Systems/Network Administrator - Canadian Internet Registration Authority, 2003 - Present
- ▶ Systems Administrator - Netcom Canada/AT&T Canada, 1998 - 2001
- ▶ Technical Analyst - Sprint Canada, 1997-1998

Allie Settlemyre

<http://www.arin.net/elections/ac/Settlemyre.html>

Motivation to Serve the AC

- ▶ I ask for the opportunity to serve on the AC so that I may better serve the ARIN community with input from the large enterprise point of view. Today there is not a voice from the large enterprise community on the AC and I believe my presence can help bring a balance to written policy where large enterprise is effected. I also wish to serve on the AC so that I can work closely with the IPv6 policy that is yet to be written, such as policy creation for multi-homing of IPv6.

Biography

- ▶ Network Analyst - Microsoft Corporation, 1998-current
- ▶ ARIN Member, 2001-current
- ▶ APNIC Member, 2002-current

John Sweeting

<http://www.arin.net/elections/ac/Sweeting.html>

Motivation to Serve the AC

- ▶ I want to continue serving on the Advisory Council so I can continue to serve the ARIN region and continue to develop its internet registration services to best fill the region's needs and requirements. My professional goals are to continue to develop my internet knowledge and experience especially in the area of IPv6 and other emerging technologies. I have served on the Advisory Council for the last 6 years and have tried my best to be open minded and understand the issues faced by the region.

Biography

- ▶ ARIN Advisory Council, Jan 2000 - current
- ▶ Director of IP technology - Teleglobe-AS6453, Mar 2001 - current
- ▶ Responsible for transfer of all MCI Internet number resources from MCI to Cable & Wireless - Cable & Wireless-AS3561, Sep 1998 - Mar 2001

Suzanne Woolf

<http://www.arin.net/elections/ac/Woolf.html>

Motivation to Serve the AC

- ▶ For me, serving on the AC is about being part of the policy process as the technical and operational needs of the Internet evolve. I have both operational experience as a network engineer, and policy experience with the AC and ICANN. I want to be part of joining operations and policy in a world that keeps trying to separate them.

Biography

- ▶ Program Manager - Internet Systems Consortium, May 2002-present
- ▶ Manager, operational systems and software - Metromedia Fiber Network, 2001-2002
- ▶ Technical Operations Manager – ICANN, 1998-2000
- ▶ Research Programmer/Network Engineer – USC ISI, 1989-1998

2005 Board of Trustees Candidates

Board of Trustees Candidates

- * *Vijay Gill*
- * Lee Howard
- * *Doug Humphrey*
- * Bill Woodcock

Vijay Gill

<http://www.arin.net/elections/bot/Gill.html>

Motivation to Serve the Board of Trustees

- ▶ I believe I can bring a fair amount of actual operational experience with very large scale networking, addressing and allocation of IP addresses to the table. I have also worked extensively in IPv6 multihoming (RFCs in multi6 wg in the IETF), and routing. Given that experience, I believe I can assist ARIN in formulating operational policy and strategic goals as the Internet undergoes a transformation.

Biography

- ▶ Senior Architect - AOL Global Network Operations
- ▶ Advisor to the IETF GROW working group
- ▶ Co-author on a variety of RFCs on traffic engineering, multihoming, and routing

Lee Howard

<http://www.arin.net/elections/bot/Howard.html>

Motivation to Serve the Board of Trustees

- ▶ With prior experience on the Board and the ASO AC, I have unique experience to offer. I want to preserve ARIN's reputation for integrity and openness, while expanding its public service and stewardship services.

Biography

- ▶ Number Resource Organization Number Council/ASO AC, 2005
- ▶ ARIN Board of Trustees Member, 2002-2004
- ▶ Manager of Network Engineering - Stanley Associates, 2004-2005
- ▶ Complex Hosting Manager – Blackboard, 2004
- ▶ Senior Manager of Service Delivery – UUNET, 1997-2003
 - ▶ Internet access, VPN, VoIP
 - ▶ U.S., Latin America, Asia Pacific

Doug Humphrey

<http://www.arin.net/elections/bot/Humphrey.html>

Motivation to Serve the Board of Trustees

- ▶ ARIN and other organizations involved in this part of making the Internet work are constantly in conflicted situations, and situations requiring thinking outside of the box. It is likely that ARIN can benefit from a BOT that has a wide array of experience, and is open to new approaches and thinking. I hope I can contribute to that.

Biography

- ▶ Chairman - Mainstream Data, 2001 - current
- ▶ Chairman - Core Location, 1999 – 2001
- ▶ CEO - Cidera, 1997 - 2001

Bill Woodcock

<http://www.arin.net/elections/bot/Woodcock.html>

Motivation to Serve the Board of Trustees

- ▶ Active member of ARIN since its inception
- ▶ ARIN board-member for the past three years
- ▶ I work on policy development and harmonization in all five RIRs.
- ▶ I'm active in the IETF and sit on the program committees of many of the world's regional Network Operations Groups like NANOG, APRICOT, and SANOG, so I actively liaise between those and ARIN.

Biography

- ▶ Co-founder & Chairman - Packet Clearing House, 1993-Present
- ▶ Co-founder & Director - Internet Capacity Development Consortium, 2005-Present
- ▶ President & Network Architect – Zocalo, 1989-2002
