Strategic planning

Conducted during last year

Scope 2009

Definition of Vision, Mission, Objectives and Projects

A big challenge:

- **Change of mind,**
- **Organization adjustments**
- **New fashion budget.**

Vision

To be a leader in the construction and articulation of collaborative efforts for Internet development and stability in Latin America and Caribbean.

Mission

To administrate Internet numbering resources, contributing to the creation of collaboration and cooperation opportunities that will benefit the regional Internet community, committed to:

- **the excellence and quality of services provided to our clients,**
- **constantly perfecting an impartial, participative and transparent self-regulation model,**
- **the adoption and promotion of technological advancements and standards within the industry,**
- **strengthening the relationships with the main stakeholders of the Internet within the region,**
- **the development of regional capabilities through training and the transmission of Internet-related technology.**

LACNIC and Information Society in LAC

Supporting and Participating in Internet Activities.

- Few examples:
- Internet day, Argentina.
- Caribbean Ministerial meeting in Anguilla.
- Internet Governance Meeting in Curacao
- IXP Workshop in Salvador (LACNIC, CISCO, SV Government, PCH, ISOC and ICANN)
- New Agreement of Cooperation for Caribbean Region signed by ARIN, LACNIC and Caribbean Telecommunication Union.

New IPv6 Campaign

- Promote the adoption IPv6
- Awareness IPv4 Depletion
- New IPv6 Transition Portal (<http://portalipv6.lacnic.net/>)

LACNIC and eLAC-2007

eLAC-2007 is a set of measurable objectives related with the development of the Information Society in LAC region.

It was the result of the Regional Conference of Governments, in 2005 (Río de Janeiro). eLAC-2007 includes 70 goals.

eLAC-2007 process is runs by the Economic Commission for Latin America and the Caribbean (ECLAC)

LACNIC has activities that directly contribute with the achievement of 25 of the eLAC-2007 objectives.

As a result LACNIC is an active actor in the development of the Information Society in our region.

LACNIC usually participates in every eLAC2007 activities, working groups, etc. Specially in those working groups related to the technical stability of Internet

We promote strongly in any fora the multi stakeholder model of the Internet Governance.
