**From 6 months ago**

- Draft Policy 2009-3 (Global Proposal): Allocation of IPv4 Blocks to Regional Internet Registries
  - Tried to address two things
    - Ensure that IANA has a policy to allocate addresses after the exhaustion phase. Ensure IANA can allocate left over addresses smaller than a /8
    - Redistribute addresses from RIRs that have them to RIRs that are out
  - ARIN AC rewrote policy to make the returning of addresses to IANA optional
    - Policy proposal with substantial contextual change accepted in ARIN region
  - APNIC, LACNIC, AfriNIC accepted the policy as written
  - RIPE NCC awaiting decision from proposal authors
    - No community consensus
    - Awaiting ARIN decision on this policy

**RIPE passed original text**

- John Curran
  - For all of his advice
- ARIN Board of Trustees
  - For all of their time
- Einar Bohlin
  - For the fantastic job he does managing policy and making everything easy to find
- Therese Colosi
  - For dealing with all of the travel details
