Welcome to ARIN XXVII

Welcome to San Juan for ARIN XXVII! There's plenty to see and do over the next few days, so make sure you catch all the action! In addition to the agenda for the Public Policy and Members Meeting, we have a number of activities scheduled, including an orientation to welcome first-time ARIN attendees, ARIN tutorials to get you acquainted with new online services, and much more! The Public Policy Meeting features discussions of six policy proposals, reports on activities within the Internet community, and open microphone sessions. The Members Meeting features updates from each ARIN department and an open microphone session.

As important as the agenda items are, we know you also come to ARIN meetings to network with colleagues and others in the community. Join us Sunday night for the Knuckles of Fury Foosball Tournament, and don't miss the Monday evening social at The Latin Roots for a night of Salsa dancing, food, drink and where you can unwind and have some fun with friends old and new as well as ARIN staff.

You'll find details about all these activities and a complete agenda in this meeting program. The most current information is available at <https://www.arin.net/ARIN-XXVII>. If at any time you have questions, please let a member of the ARIN staff know. To help you identify us, we wear badges marked STAFF. We hope you find the meeting informative, productive, and enjoyable. Please join other attendees in sharing experiences with IPv6, ARIN XXVII, or other related stories and topics by using:

RPKI for the Internet Community 9:00 AM – 12:00 PM

Location: Las Olas

Resource Public Key Infrastructure (RPKI) is a system under development in the IETF that provides a secure method for network operators to attest to the network addresses they hold.

ARIN is scheduled to begin production of RPKI certificates for the resources held by ARIN members in the near future. (Other RIRs have recently begun production for their members.) Attendees will have the opportunity to try out the existing open source implementation with their own resources and experience resource requests, sub-allocations, etc. There will also be opportunity to experiment with RPKI use on a real router.

Attendees who want to participate fully should bring a laptop on which to run the software, either natively or in a virtual machine (OSX, BSD, Linux).

First Timers' Orientation 2:00 – 3:00 PM

Location: San Cristobal

Need to know more about the meeting format or what ARIN does? Join members of the ARIN Board of Trustees, ARIN Advisory Council, and the ARIN management team for an informal chat. A combination of presentations about ARIN, a quick overview of how the Policy Development Process works, as well as a preview of the policies that will be discussed during the upcoming Public Policy Meeting, will help you feel at home when the meeting begins. Get the information you need to make the most out of your ARIN meeting experience by taking advantage of this opportunity to ask questions and learn how you can become an active member of the ARIN community. ARIN staff will provide a quick overview of the Policy Development Process, as well as a preview of the policies that will be discussed during the upcoming Public Policy Meeting.

Complete the First Timers' Survey to be entered into a raffle to win a \$100 ThinkGeek Gift Certificate! The prize drawing will be held at the beginning of the meeting on Monday, 11 April.

ARIN Tutorials: Get Automated 3:30 – 5:00 PM

Location: San Cristobal

Part One - Take a Tour of the New Registration Services System

Jon Worley, Senior IP Analyst, will take attendees on a tour of all the new functionality available in ARIN Online. See how simple it is to submit resource requests and manage your reverse DNS using this automated system.

Part Two - ARIN's RESTful Provisioning Interface

Tim Christensen, ARIN Quality Assurance Manager, will give a technical overview of ARIN's new provisioning system that utilizes REST. He will run through the important functions that you will want to take advantage of in order to automate SWIPs.

Knuckles of Fury Foosball Tournament 6:00 – 9:00 PM

Be sure to pack your wrist brace and wear your game face for the Knuckles of Fury Foosball Tournament. ARIN's official foosball tournament is back for a one-time, winner-take-all showdown of epic proportions. You may sign up and either request a specific partner or be placed on a team by tournament staff. Only those individuals who preregister are guaranteed a slot to play in the tournament. All attendees are invited to come and watch the fun!

Trophies will be awarded to the teams in first, second, and third place; a special prize will go to the team in last place.

RULES & PARTICIPATION

Rules of Discussion

The Chair moderates discussions of formal draft policies so that all can speak and all can be heard. Accordingly, every person who participates in the Public Policy Meeting is asked to follow these simple rules and customs:

1. All persons have equal rights, privileges, and obligations.
2. Full and free discussion of all draft policies is the right of every person participating in the meeting.
3. Only one draft policy is considered at a time.
4. Persons should not speak in the discussion until they have moved to a designated speaker's position and have been recognized by the Chair and granted the floor.
5. Every time a speaker is recognized by the Chair, speakers should do the following:
 - a. State their name.
 - b. State their affiliation (organization, company, etc.).
 - c. State intent to support or not support the draft policy under discussion.
6. No person should speak a second time on the same topic if anyone who has not spoken on that topic wishes to do so.
7. No person should speak for more than three (3) minutes unless the Chair gives consent.

8. Speakers should direct all remarks to the Chair. They should not debate with other speakers or otherwise attack or question the motives of other speakers.
9. While the discussion is in progress, speakers may suggest amendments or other secondary proposals to the Chair, who will see them acted on accordingly.
10. Only the Chair may call for a poll to gain a sense of the participants regarding the draft policy under discussion, any part of that draft policy, any proposed amendment to that draft policy, or any secondary proposal. The Chair will state all questions before polling the participants and will explain what affirmative and negative responses mean.

Meeting Courtesies

Please keep **email** and **web surfing** to a **minimum**.

Silence all cell phones, pagers, computers, and electronics.

Every time you speak at the microphone, state your **name** and **affiliation** for the benefit of those watching the webcast and for an accurate record in the meeting transcript.
