

AC On-Docket Proposals Report

John Sweeting – AC Chair

24-26 Oct 2012

Proposals

- On-docket:
 - **ARIN-prop-180 ISP Private Reassignment**
 - Would allow ISP's to register their reassignments privately
 - Decision would be between ISP and their customer
 - All required information would still be provided to ARIN

Proposals

- AC to review on Friday:
 - **ARIN-prop-182 Update Residential Customer Definition to not exclude wireless as a Residential Service**
 - This proposal will remove the requirement that internet access is provided in a physical residence, thus broadening the definition of residential customer to all non-commercial users.

Lunch table topics

- PP 180 ISP Private Reassignment
- PP 182 Update Residential Customer Definition to not exclude wireless as a Residential Service
- Improved Communications for ARIN's Policy Development Process
- Observations on transfer policy and the market

Thank you
